

July 13, 2018

Dear SPAAMFAA Member,

February 5th, 2014 the National Fire Heritage Center (NFHC) and the Society for the Preservation of Antique Motor Fire Apparatus in America (SPAAMFAA) executed a Memorandum of Agreement; wherein SPAAMFAA and the NFHC formed a relationship to support the preservation of American fire service and fire protection history and documentation complimentary to the mission of SPAAMFAA.

The National Fire Heritage Center exists to preserve the institutional memory of the fire service disciplines. The NFHC policy of partnering with organizations to implement and enrich the history and traditions of the American Fire Service; including archiving the history of the American fire service and fire protection disciplines, is closely aligned and compatible with SPAAMFAA's purposes. Our two organizations complement one another in identifying, acquiring, and sharing documentation and artifacts that add value to each.

As the NFHC desires to enhance and improve upon the relationship we enjoy with SPAAMFAA, the NFHC is giving every member of SPAAMFAA a FREE ONE YEAR MEMBERSHIP. This membership includes access to the NFHC archives, free admission to the NFHC museum in Emmitsburg, Maryland, notification of special events, the NFHC Newsletter and participation in the annual meeting.

We look forward to a growing relationship with SPAAMFAA in the years ahead. Several of our members plan to participate in your annual summer conference in New Jersey next month.

Again, congratulations on your membership in the National Fire Heritage Center. We look forward to your contributions and observations with regard to "Preservation of the Perishable".

Sincerely,

A handwritten signature in black ink that reads "Ronny J. Coleman".

President
Chairman of the Board

“PRESERVING THE PERISHABLE”

As an IRS 501c3 non-profit organization, the National Fire Heritage Center exists to preserve, protect and increase the utilization of contributors to the body of knowledge of the American Fire Protection Services and allied disciplines through identification, acquisition, preservation, conservation and restoration.
