

GENERAL ABBREVIATIONS

AA/WT	American Automatic Water Tower
AAA	American Automatic Aerial
B/DIST	Distributor car. with bevel drive
BC	Booster pump. closed cab
BD	Bevel drive
BD/CHAS	Chassis, with bevel drive
BO	Booster pump
BP.	In Remarks column - Booster pump
BSTR	Booster pump
CB	Centrifugal pump, with bevel drive
CBM	Centrifugal pump. with bevel drive, (M ?)
CC	Centrifugal pump, closed cab
CCHP	2-stage centrifugal pump, high pressure
CDB	Centrifugal pump, double bank service truck, with bevel drive
CDC	Centrifugal pump, double bank service truck, with chain drive
CDO	Centrifugal pump, double bank service truck, open cab
CHEM & HOSE	Chemical and Hose car
CHEM.	Chemical car
CHEM/JR.	Chemical car, with a Junior pump
CHEM/SQD	Squad car, with chemical tank
CMB/SRV	Service truck, with chemical tank
CO	Centrifugal pump. open cab
COMB.	Combination car, (hose body and chemical tank)
COMB/BSTR	Combination car, with booster pump
COMB/JR.	Combination car, with Junior pump
COMB/SQD	Combination car, with squad seating
CW	Centrifugal pump, with worm drive
DB	Double bank of ground ladders
DB/SERV	Double bank service truck, with bevel drive
DB/SRV	Service truck, with double bank of ground ladders
DC	Double bank service truck, with chain drive
DELUGE	High volume water tower and turret pipes
DT/CHEM	Chemical car, with two chemical tanks
DT/COMB	Combination car, with two chemical tanks
DT/COMB/JR	Combination car, with two chemical tanks and a Junior pump
DT/PWT	Pumper, with a water tank and two chemical tanks
DT/SERV	Service truck, with two chemical tanks
DT/TRIP	Triple combination car, with two chemical tanks
E Comb	Combination car, with "E" engine
EMERG. CAR	Emergency car
FD/AER	Front drive aerial (as opposed to tractor drawn)
FD/SERV	Front drive service truck (as opposed to tractor drawn)
FD/STM	Front drive steamer (as opposed to tractor drawn)
FOAM	Foamite tanks
GWT	Gallon water tank (preceeded by capacity)
h	Hydraulic brakes
H-	Hydraulic jacks
HI/PRESS	High pressure car
HOSE	Hose car body only
HOSE & LAD	Hose and ladder car (not a Service truck)
HOSE/JR	Hose car, with Junior pump
JO	Junior aerial, open cab
JOX	Junior aerial, open cab, exposed ground ladders (pronounced "J - O - X")
M-	Manual jacks (as in M-190, M-5-65 JO, etc) on Junior aerals
METRO	Metropolitan steamer
POLICE PAT	Police patrol

PUMP	Pumper, with hose body
PUMP/CENT	Pumper, with centrifugal pump
PUMP/PIST	Pumper, with piston pump
PUMP/SQD	Pumper, with squad seating
PWT	Pumper, with water tank
PWT/FOAM	Pumper, with Foamite tank(s)
PWT/JR	Pumper, with Junior pump
QUAD	Service truck, with pump, hose body, chemical tank(s) [sometimes applied to water tank] and ladders
QUAD/WT	Quad, with water tank instead of chemical tank
QUINT	Quintuple combination, aerial, pump, hose body, ground ladders, water tank
RB	Rotary pump, bevel gear drive
RC	Rotary pump, chain drive
RDB	Rotary pump. double bank service truck, with bevel drive
RDO	Rotary pump, double bank service truck, open cab
RG	Rotary gear pump
RSC	Rotary pump, single bank service truck, with chain drive
SALV	Salvage car
SC/SERV	Single bank service truck, with chain drive
SERV	Service car, with equipment and ladders only (See also: TRK)
SERV/TRIP	Service truck, with pump and chemical tank(s)
SPEC.	Special chassis and/or equipment
SPEC/CHAS	Special chassis without body or equipment
SPEC/COMB	Special combination car
SQUAD	Car with body for squad seating only
SRV/JR	Service truck, with Junior pump
ST/COMB	Combination car, with single chemical tank
ST/SQD	Squad car, with single chemical tank
STM/TRAC	Steamer tractor
TB	Tractor, with bevel drive
TC	Tractor, with chain drive
THSC	Tractor, hydraulic, steel aerial, closed cab
THSO	Tractor, hydraulic, steel aerial, open cab
TJ	Tractor, with Junior motor
TRAC	Tractor only
TRIP.	Triple combination (hose body, pump and chemical tank(s)
TRIP/CENT	Triple combination, with centrifugal pump
TRIP/FOAM	Triple combination, with Faomite tank(s)
TRIP/PIST	Triple combination, with piston pump
TRIP/WT	Triple combination. with water tank
TRK	Straight service truck, with ladders and equipment (See: SERV)
TSH	Tractor, steel aerial, hydraulic raising
TSWC	Tractor, spring raised, wood aerial, closed cab
TSWO	Tractor, spring raised, wood aerial, open cab
TW	Tractor, with worm drive
W/SQD	Squad, with worm drive
WD	Worm drive
WT	In the Type/style column - Water Tower
WT.	In the Remarks column - water tank
WT/TRAC	Water Tower tractor

SPECIAL NOTES	3T/CHEM; 4T/CHEM; 6T/CHEM - Indicates number of chemical tanks 55'; 65'; 75'; 85'; 100'; and 125' - Indicates aerial ladder lengths
RBLT	Rebuilt
RPD	Repaired
RSHPD	Reshipped
SHPD	Shipped
